

Product information | TECHNICAL DATA SHEET

SOLVENT

400 ml, 9.3 Oz, 265 g

GENERAL DESCRIPTION

A mixture of universal solvents suitable for cleaning fresh paint stains on non-porous surfaces. Its very rapid evaporation and strong degreasing qualities also makes it suitable for cleaning oily and greasy liquids.

FEATURES

- Distinctive smell.
- No dirty.
- Transparent.
- Strong diluent capabilities.
- Easy to apply.
- Not suitable for cleaning hands or paint stains on skin.

APPLICATIONS

May be used to prepare surfaces prior to painting and ideal for quickly and conveniently cleaning painting tools. On dried paints more product will be required. Very useful in cleaning and unclogging clogged spray paint nozzles.

INSTRUCTIONS FOR USE

- Thoroughly apply product to the object to be treated and scrub with a cloth or blotting paper, repeating this step if necessary. Let the surface dry before proceeding to paint if this is the case. Not suitable for cleaning skin or hands.
- Never apply to equipment that is plugged in and use in well ventilated areas.
- To clean nozzles, place the clogged nozzle on the solvent valve and press down to try to unclog.
- Request safety datasheets.

PHYSICAL PROPERTIES

Color:	Transparent
Theoretical yield (continuous painting):	3 m ²
Thinner:	Acetone and solvent mixture
Product life:	>5 years
